RE : QR CODE AS TEMPORARY ID CARD

DATE : 11 NOVEMBER 2022

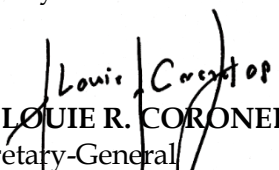

Pending the processing and issuance of ID cards for new students this AY 2022-2023, the University, through the Office for Information and Communications Technology, allows the use of a QR Code as temporary pass in accessing the campus for their limited face-to-face classes.

A QR code associated with the new students' account in the MyUSTe Student Portal is visible upon log-in. The said QR code should be downloaded, printed, or saved on their smart phones, which shall be scanned when entering the campus or the buildings on campus.

The scanning of the QR Code as temporary ID card commences on 14 November 2022 (Monday) and ends as soon as the ID cards are issued.

Those who have not successfully complied with their submission of the requirements for ID cards shall be notified accordingly.

Thank you.
