RE : UPDATED CYBERSECURITY AWARENESS LEARNING SESSIONS

DATE : 25 October 2023

The University, through the Office of Information and Communications Technology, is pleased to announce the launch of Project **GROWL** (Growling Resilience to Online threats and Weaving cybersecurity into Learning)—the University's proactive response in ensuring the continuity of teaching and learning, and work, amidst cyber security threats and challenges.

For its kick off, University staff and students are invited to the following learning sessions to be delivered via Zoom (for academic staff and support staff) and via the UST's official Facebook page (for students):

TOPIC	DATE/ TIME	PARTICIPANTS	REMARKS
Cyber Security Hygiene, Social Engineering and Phishing Attack	15 November 2023 (Wednesday) 2:00 pm - 4:00 pm	Officials, Academic Staff, Support Staff, and students	<ul style="list-style-type: none">- This session centers on the human aspects of essential cybersecurity.- Participants will learn fundamental security practices that are crucial in addressing their vulnerability as end-users.- <i>Please see the attached pubmat.</i>
Reconnaissance	31 January 2024 (Wednesday), 10:00 am – 12:00 nn	Officials, Academic Staff, and Support Staff	<ul style="list-style-type: none">- The primary objective of this session is to enlighten Thomasian academic staff and support staff about safeguarding the ideas and information they share on social media platforms.

Here are the provided links for accessing the learning session or registering for the event:

- For students, join the learning session using this [link](#).
- For University staff, please register [here](#). (Webinar ID: 862 2748 0830; Passcode: 606241).
- Other interested parties may join via the [University Facebook page](#).

Thank you.
