The University hereby responds to Frequently Asked Questions (FAQs) regarding compliance with the Health Certificate requirement for all employed personnel following **Ordinance No. 8793: Sanitation and Disinfection Code of the City of Manila** (27 September 2021).

These FAQs were drafted after a clarificatory meeting with Manila City Health Officer Dr. Arnold “Poks” Pangan and his team on 26 June 2024. *Please see the attached copy.*

To assist University staff in complying with this requirement until 31 July 2024 (Wednesday), the Manila Health Department-Public Health Laboratory offered to prioritize UST personnel who will schedule appointments for **26 July 2024, from 6:30 AM to 2:00 PM.**

Interested University staff are encouraged to register using this [link](#) as soon as possible.

The full cooperation and genuine compliance of all concerned staff are highly appreciated.

Thank you.
